Clouds/Database: Sanity, App write, MongoDB
Technologies/Frameworks: Nodejs, Express ,React ,Next.js ,Github

Experience

Askme Technologies

Feb 2024 – June 2024

Full-Stack Developer Trainee

Noida

- Served as a Full-Stack Developer Trainee, focusing on learning and applying cutting-edge technologies to real-world projects .
- Gained hands-on experience in teamwork and effective communication within a collaborative development environment for the organization.

CyberSRC Consultancy LLP

May 2023 – August 2023

Developer Intern

Remote

- Developed a service to automatically perform a set of unit tests daily on a product in development in order to decrease time needed for team members to identify and fix bugs/issues.
- I utilized APIs to integrate external services and optimize application functionality. .

Projects

Animated-Game site | *React-Js, Tailwind CSS,GSAP*

November 2024

- **Developed a dynamic website** using React and Tailwind CSS with scroll-based animations, CSS clip-path transitions, and 3D hover effects for an interactive user experience.
- **Integrated seamless video transitions** and enhanced the UI/UX design to deliver intuitive navigation and compelling storytelling. .
- **Developed a fully responsive website** with a reusable code architecture, ensuring scalability and a consistent experience across all devices. .

YC Directoy | *React, Next JS , Shadcn , Sanity, Github*

July 2024

- **Developed a website** that enables users to create and share their startup ideas with a global audience while providing resources to learn from emerging startups .
- **A user-friendly website** featuring dedicated home, startup creation, and personalized user pages; this streamlined navigation improved overall visitor engagement by 4 times.
- **Implemented GitHub OAuth** for secure and seamless user authentication on the website

Education

BIET,Jhansi, CGPA-7.4

Dec,2020 – May 2024

Bachelor of Technology in Information Technology

Jhansi, Uttar Pradesh
